

Genius

(words and music Lee Maddeford)

When i was a young boy innocent and small
I never thought that i'd grow up to be so tall
My mother use to tell me boy your little but your healthy
You're a genius you'll do fine
You're a genius because your mine

It's hard to understand it when your young at heart
That everyday of your life you'll be set apart
Some days it's hard to stand it but i'm lucid am i'm candid
I'm a genius don't you know
I know it cause my mother told me so

I'm a genius in my head and i'm a genius in the bed
Just ask anyboby you know
There's genius in my heart and there's genius in my kiss
There's even genius in my piss

Oh life is cruel they say that life's in vain
But it's worth it when you know you've got a big big brain
Oh my hands are holy, my feet tap and danse
You've gotta take advantage when you've got so much chance and i do
I do i know cause mymother told me so

I'm a genius in my head and i'm a genius in the bed
Just ask anyboby you know
There's genius in my heart and there's genius in my kiss
There's even genius in my piss

When i was a young boy playing in the band
I never thought that i'd grow up to be so grand
My mother use to tell me boy your little but your healthy
You're a genius don't you know
I know it cause my mother told me so
Yes she did
I know it cause my mother told me so
