

I'm going home
(words and music Lee Maddeford)

REFRAIN

I'm going home
I'm going home
It's been a long time now
and I'm going home

I'm gonna see my friends
I'm gonna see my friends
I'm gonna see my family and my friends

you know I never cared too much about money
you know I never cared too much about time
I don't think about morals
I don't care if I misbehave
the time to live is now
and I'm on my way

REFRAIN

sunday morning breakfast feeling happy
tuesday afternoon and I'm feeling sad
it doesn't matter anyway
because the days just pass away
the time to live is now
and I'm on my way
