

Heaven

*(words Patricia Matthey/Lee Maddeford
music Lee Maddeford)*

Don't save a place for me in heaven cause heaven's not where i belong
I've heard it's for the humble and i've heard it's for the meak
And i've always been taught to be strong
Don't save a place for me in heaven cause heaven's not where i belong

I'll take my chances on this earth
No reason to be afraid
But it's hard for me to realize your tired and giving up
All i'm asking is for you to be brave

Don't save a place for me in heaven cause heaven's not where i belong
I've heard it's for the humble and i've heard it's for the meak
And i've always been taught to be strong

Dammit take a look around you
All these friends you got are begging you to stay
Ah this place is paradise if you will only open up
Take my hand and i will show you the way

Don't save a place for me in heaven cause heaven's not where you belong
