

Roses

(words and music Lee Maddeford)

my life has been roses
and roses grow wild
my life's been a mona lisa
you know that she smiles

and I don't know why
they didn't believe me when I said
that somethin' is wrong
I'm feeling so small

but it's nothing at all

my life has been sunshine
and sunshine ain't bad
my life's been a rainbow
with colors so mad

and I don't know why
they didn't believe me when I said
that somethin' is wrong
I'm feeling so small

but it's nothing at all
