

Talk of the town
*(words John Mckillop/Lee Maddeford
music Lee Maddeford)*

I never wanted your money
I never wanted your wife
you know I never really thought it that funny
to step on anybody's life
but when I saw marie your baby
walking down the street
I just couldn't help it
I just couldn't help myself

and now I know that we're
the talk of the town
up late singing nights away
but every morning when I
get up and pray
you know I thank the lord
for when I met you that day

I never wanted your sister
I never wanted your car
you know I never thought that you would miss her
I didn't drive her too far
but when I saw suzanne oh baby
walking down the street
I just couldn't help it
I just couldn't help myself

and now I know that we're
the talk of the town
up late singing nights away
but every morning when I
get up and pray
you know I thank the lord
for when I met you that day

I never wanted your money
I never wanted your wife
you know I never really thought it that funny
to step on anybody's life
but when I saw Madeleine your baby
walking down the street
I just couldn't help it
I just couldn't help myself
